Current stage: pre-revenue. Building and validating the marketplace network in Lagos; billing and payments are rolling out next.

Vendors pay when LevroMart creates value.

COMMISSION

Option 01

3% per completed sale

No sale, no commission. Aligned with the vendor from day one.

FLAT LISTING FEE

Option 02

₦999 per listing / month

Predictable pricing, no commission on that listing. One mode per listing, never both.

UNIT ECONOMICS (PER ACTIVE VENDOR)	YEAR 1	YEAR 2	YEAR 3
Avg revenue per vendor / month (ARPV)	₦1,640	₦2,110	₦2,690
Acquisition cost per active vendor (CAC)	₦14,100	₦8,300	₦12,200
Lifetime value, 24 months at 92% margin (LTV)	₦36,200	₦46,700	₦59,300

NEXT REVENUE LAYERS (Year 2+): Premium visibility · Vendor of the Week sponsorship & ads · Business tools · Payment automation · Partnerships

Assumptions: GMV per active vendor ₦40K→₦55K/month; 60% of vendors on commission; CAC = marketing spend ÷ new active vendors.

We win where others don't go: the campus.

ACTIVE VENDORS & MONTHLY REVENUE, BY MONTH

Base case. Registered vendors 1,100 (M12) → 3,600 (M24) → 8,500 (M36); about 45–60% active. Network effects (follows, leaderboard, requests) lower the cost of each new vendor.

Built to last: economic, operational, environmental.

Economic

- **Recurring, aligned revenue:** commission only on completed sales, or a flat monthly listing fee.
- **Lean costs:** a student team on stipends; infrastructure under ₦150K a month in Year 1.
- **Break-even in month 19**, with a funded runway and a 36% cash buffer.

Operational

- **Trust built in:** vendor verification, ratings, dispute process, order records.
- **Self-running workflows:** reminders, auto-cancel, auto-complete, payment matching.
- **Compliance:** Terms, Privacy and Refund policies updated Oct 2026; NDPA-aware data handling.

Environmental & social

- **Rent, resell, reuse:** rentals and second-hand listings extend product life.
- **Hyperlocal buying:** distance-sorted results mean shorter trips and fewer parcels.
- **Student income:** small vendors earn online, without a shop or ads budget.

HONEST WEAKNESSES & HOW WE MANAGE THEM

Billing goes live first; a funded runway to month 19.

Small user base
Campus activations, ambassadors, Vendor of the Week.

Delivery not live
Pickup first; campus partner (Run It) in progress.

WhatsApp habit
We keep chat, and add storefronts, records and trust.
